e. **Community Governance**

Community Governance is the higher education qualification with modules designed for people working with community, town and parish councils and leads to the advanced professional qualification for clerks.

Develop your career, support your council and strengthen your community

f. **Public Leadership and Management**

More information [here](#)

Each module of the MA has a number of credits. The number of CPD points is equivalent to the number of credits. The MA student will know how many credits they have studied in the year. It is usually 60 credits / CPD points per year. If a module extends over two CPD years, then the CPD pts/credits should be distributed between the two years as appropriate – obviously points shouldn't be credited twice.

g. **Other qualifications**

If you have gained another qualification and you are unsure about the number of CPD points please contact the Professional Development Officer who can advise on the number of points to allocate to this.

3.2 In House Training Courses and Webinars

The Society prides itself on being the leading training provider within town, community and the parish sector across England and Wales. Each year the SLCC arranges a number of relevant training courses and events which are held throughout the country and also more recently the Society now organises online webinars. Frequently Asked Questions

(These are a sample of commonly asked questions – if you still have a query please contact me at Lesley.swinbank@slcc.co.uk)

Q: I was wondering whether I could allocate CPD points for preparing the documentation to enter the Council into the Local Council Awards Scheme? Whilst the Council will receive the accolade, it is the clerk that does all of the work behind the scenes to ensure that the documentation is at the right standard to be entered for the award.

A: You certainly can allocate points for a successful application for one of the LCAS levels.

Foundation - 2 pts

Quality - 3 pts

Quality Gold - 4 pts

You can use your CPD record as evidence of your CPD for the Award.

Q: I've spotted in the Clerk Magazine that you have introduced the status of Student (StSLCC) and I have a few questions.

Am I able to include courses that have been organised through my region (YLCA), or that have been publicised via my region? Can I include courses if they are 90 minutes? Can I include the new Clerks series, even though it's only 1 hour? Could I claim half a cpd point? This is brilliant and I'd really like to work towards qualifying.

A: You can add CPD points for all relevant courses. It is generally 1 CPD pt. for every 2 hours of learning – and yes – absolutely fine to claim .5 pt.

Most SLCC courses / webinars will indicate the no of CPD pts which you can claim on the booking page itself, but if in any doubt - do contact me Lesley.swinbank@slcc.co.uk

Q: Is my CPD record checked?

A: Yes - all CPD records are validated when you join the PDS and are then 'spot' checked on a regular basis.

There are a number of common examples of incorrect points being claimed including:-

Claiming over 6 pts in one year for 'Reading' There is a limit of 6 CPD pts each year for 'Reading / Listening to SLCC Podcasts

This can include for example:-

- 3 pts for reading The Clerk over the year
 - 3 pts for reading other relevant information i.e. [CG dissertations](#) from the website / book from the booklist / other relevant information e.g. Neighbourhood Plan info, Covid Regs etc.
 - You can also claim 2 'Free' CPD pts by recommending a suitable book for the book list
-
- Claiming more points than allowed for a conference / event.
The CPD pts for attending a conference in person are different from attending remotely. Your confirmation / attendance details should indicate how many pts can be claimed.
 - Claiming pts for carrying out activities which are part of a normal day's work.
You cannot claim pts on your normal day's activities including writing the minutes or completing the AGAR.

Q: What happens if I have recorded my CPD points incorrectly?

A: If the mistake is very minor and you would already have acquired the necessary number of CPD points to either join the scheme or renew, then no further action will be taken.

If the CPD points recorded are incorrect and would result in you not meeting the criteria for joining/renewing then the Professional Development Officer will send you an email containing details for you to amend your CPD record which will enable you to continue in the scheme.

Q: Is my CPD record checked?

A: Yes - all CPD records are validated when you join the PDS and are then 'spot' checked on a regular basis.

Q: What are 'Free' CPD points?

A: You can gain 'free' CPD points in several ways: -

Forwarding details of new services / facilities you have initiated, and which can be added to the list of examples for colleagues

- Forwarding your Community Governance Dissertation which can be added to the website
- Suggesting a suitable book(s) for the 'relevant' booklist we have.

Q: How are my CPD pts showing for attending National Conference when I haven't entered them myself?

A: We are looking to make it easier for everyone to log their CPD points by adding them in automatically for the following activities / events / qualifications.

See below.

Qualifications	ILCA / FILCA	8 pts	Automatically added when the records are updated to 'pass' – generally once each month. The full 120 CPD pts are automatically added once the level is finished, and marks confirmed by the university. Or CG Students can claim their 60 pts for the year manually.
	CiLCA	20 pts	
	ILCA to CiLCA	8. pts	
	Community Governance	15 pts per module	
Events	All conferences / events/ webinars		Automatically added including those attending remotely generally 1 pt. for every 2 hrs
	National Practitioners	2.5 pts per day	
	MIA	2.5 pts per day	
	Webinars etc.	Depending on length –	

If you think there has been a mistake or have any queries, contact [me](#) and I can look into it.

Q: I am curious as to whether I can gain CPD points outside of SLCC.

Although I work for a town council, my role is not that of a Clerk. For example, I am currently undertaking my NEBOSH training and have completed IOSH – would they contribute towards my CPD points?

I am currently a Principal of the SLCC and I would like that to continue.

Yes of course you can use all relevant training to your role within a local council and NEBOSH training is fine. It is generally 1 CPD pt. for every 2 hrs of training - many certificates now include the CPD pts / credits.

If you have any queries with your CPD or any aspect of Professional Development, please contact the Professional Development Officer (Lesley.swinbank@slcc.co.uk) /

Tips and hints from colleagues

Nicki Rapley StSLCC – Bisley Parish Council

'As a reasonably new Clerk I've found the CPD process really positive to help track my progress and motivate me to keep pushing and learning, especially now that I'm mid-CiLCA.

It also reminds me that I'm not alone and there is support and guidance out there when needed.

Coming from a non-government background (hospitality), where schemes like this are rare, it's good to know that us Clerks are supported to develop and progress our careers.'

Cathy Voyce PSLCC – Syston Town Council

'It's so easy to record your CPD points on your profile on the SLCC website – do it straight away, if you delay, you are more likely to forget and then you are missing vital CPD points which could promote your membership to Principal or Fellow member. You need 12 points minimum in order to keep your Council at the Foundation Level Local Government Award.

You are probably earning CPD points without realising it - even reading The Clerk magazine from cover to cover earns you ½ point, attend a branch meeting of two hours is one point, and read a book related to your work (cover to cover) – four points!

Check the SLCC website – Continuous Professional Development for a full list of points worthy activities.'

Sarah Jeffries PSLCC

Continuous Professional Development (CPD) is crucial for maintaining and enhancing your skills, knowledge, and competencies as a small Council clerk. Despite its importance, many clerks may overlook it. Here are some key points to highlight why CPD is essential and how it can be effectively utilized to benefit both clerks and the Council:

Why CPD is Important:

1. Skill Enhancement:

- CPD helps you stay updated with the latest best practices, laws, and regulations.
- It ensures you have the necessary skills to perform your duties efficiently.

2. Professional Growth:

- Engaging in CPD activities demonstrates your commitment to personal and professional growth.
- It can open up opportunities for career advancement and specialization.

3. **Improved Performance:**

- By continually learning and improving, you can enhance the quality of your work.
- This leads to better decision-making, problem-solving, and service delivery.

4. **Council Recognition:**

- Regularly updating your CPD records provides tangible evidence of your ongoing efforts.
- Councillors may not fully understand your behind-the-scenes efforts, but CPD records can showcase your dedication.

Utilizing SLCC CPD Online Data:

1. **Professional Report Generation:**

- The Society of Local Council Clerks (SLCC) offers an online CPD tool that helps you track and record your development activities.
- This tool generates a professional report that can be included in your annual appraisal or performance review.

2. **Highlighting Your Achievements:**

- Use the CPD report to highlight specific courses, workshops, and training sessions you've attended.
- Include any new skills or knowledge gained and how they've been applied in your role.

3. **Regular Updates:**

- Keep your CPD records up to date by regularly logging your activities.
- Schedule periodic reviews of your CPD progress to ensure you're meeting your professional development goals.

4. **Sharing with Councillors:**

- Present your CPD report during appraisals to give Councillors a comprehensive view of your professional development.
- This transparency can help Councillors appreciate the continuous effort you put into improving your skills and serving the Council effectively.

Tips for Effective CPD:

1. **Set Clear Goals:**

- Identify areas where you want to improve or new skills you want to acquire.
- Set specific, measurable, achievable, relevant, and time-bound (SMART) goals for your CPD.

2. **Diversify Your Learning:**

- Engage in a variety of learning activities, such as online courses, workshops, webinars, and conferences.
- Join professional networks and forums to learn from peers and experts.

3. **Reflect and Apply:**

- After completing a CPD activity, reflect on what you've learned and how it can be applied to your role.
- Implement new strategies and best practices in your day-to-day work.

4. **Seek Feedback:**

- Ask for feedback from colleagues and Councillors on how your enhanced skills have impacted your work.
- Use this feedback to further refine your CPD activities and goals.

By prioritizing CPD and effectively utilizing tools like the SLCC's online CPD data, you can significantly enhance your professional standing, improve your performance, and ensure that your contributions are recognized by the Council.
